

New Port Cove Marine Center now provides SportPorts. A safe and stable platform for easy docking, refueling and engine flushing, even a wash and wax.

If you own a Jet Ski, Sea Doo or other personal watercraft (PWC) you know that getting it in and out of the water is no easy chore. After playing hard all day, why head back to the boat ramp? Just drive up on the SportPort and you're docked! The non-skid deck provides stable footing while the multi-chine design offers minimum resistance when docking and launching.

SportPorts makes a good fit for all types of watercraft and small boats and since they float with the tide, your craft is always out of the water and ready to go play when you are!

**SAY NO  
TO TRAILERING AND  
RAMP RAGE HASSLES!**
